Visual Comfort Modern

DESCRIPTION

The Turbo Outdoor Column Light is a powerful LED solution for general illumination and area lighting. Its slatted column design offers a modern aesthetic, and the clean form ensures that it complements your space whether installed alone or in series. Available in various color temperatures, light output levels and beam angles, the Turbo provides just the right lighting effect for your commercial application. Die-cast aluminum construction, a powder coat finish, stainless steel hardware and impact-resistant UV-stabilized frosted acrylic lensing ensure durability against harsh outdoor elements. A 120-277V driver with integrated transient 2.5 kV surge protection is included, dimmable with a 0-10V dimmer. Four option selections are available: button photocontrol, in-line fuse, both the photocontrol and fuse, or no options.

Shown in: Bronze / Frosted

SHADE COLOR	Frosted
BODY FINISH	Bronze
WATTAGE	60W
DIMMER	0-10V
DIMENSIONS	8"W x 149.8"H
INTEGRATED LED MODULE
