DESCRIPTION

Waterloo Table Lamp is irreverently channeling the grandeur of the noble bust, this insouciant lamp celebrates Napoleon - the little general. He is both haughty and heroic but, juxtaposed with a silky shade, amusing in the extreme. Perfect for a bedside table in an eclectic interior scheme. The light above his head represents an idea, a revolutionary idea, one that will change the course of his future. The table lamp is a powerful yet peaceful design that would be the perfect feature to bring a dark twist to any room. Made in England.
