DESCRIPTION

Inspired by the harmonious glow of the full moon and the capability of the innovative Edge Lighting Technology, Jasper Morrison created a striking, one of a kind floor lamp - Superloon. The lamp gives out broad diffused light, but can also be dimmed to a soft glow. Through the Dim-to-Warm function, the light's intensity can be changed from a cooler blue tone to a warmer hue as dimmed. Available in Black, White, or Chrome with a PMMA diffuser. 28.5 inch base width x 77.6 inch height. Indoor dry locations only.
