Coppelia Chandelier

By Moood

Description

The Coppelia Chandelier, designed by Arihiro Miyake, magically comes to life, dancing away the darkness in an endless twirl of graceful motion and glowing light. The graceful dance, staged by the three dimensional crossed wire structures leads the spectator to the dozens of light, defining the contour of this wondrous piece. Both finish options include a Black canopy. See attached manufacturer spec sheet for all dimming options.

Specifications

COLOR N/A
