Nur Mini Pendant

By Artemide

Description

The Nur Mini Pendant brings a touch of modern minimalism and versatile illumination to any interior. This sleek fixture features a sophisticated shade, available in either a deep Anthracite Grey or a classic Aluminum finish, allowing it to seamlessly complement a variety of design aesthetics. Designed for adaptable lighting, the Nur Mini Pendant offers two convenient lamping options. You can opt for a traditional setup, requiring one 100-watt max 120-volt medium base bulb (not included), giving you the flexibility to choose your preferred light source. Alternatively, an integrated 26.9-watt LED light source provides energy-efficient and long-lasting illumination, conveniently dimmable via 2-wire dimming systems for precise ambiance control. The pendant's compact size makes it ideal for intimate settings. The Nur Mini Pendant is perfect for suspending over kitchen islands, dining tables, or in clusters to create a striking visual display, effortlessly blending refined style and practical light.
