Cuneo Outdoor Mini Wall / Path Light

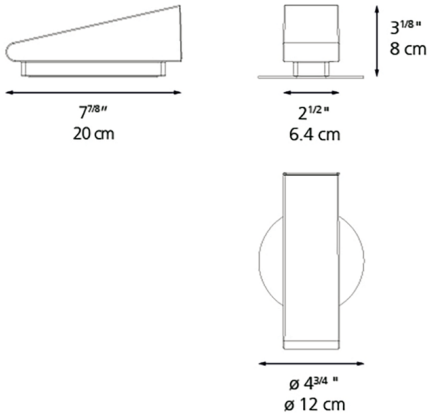

By Artemide

Description

The Cuneo Outdoor Mini Wall / Path Light offers unparalleled versatility, providing precise illumination for diverse exterior applications. This robust fixture is designed for seamless integration into your landscape, capable of enhancing both ground-level pathways and vertical wall surfaces with its adaptable light emission.Engineered for durability, the Cuneo features components made of resilient die-cast Aluminum, finished with either a crisp White or Anthracite Grey paint. Its exceptional longevity is ensured by a comprehensive 3-Stage Outdoor treatment, which includes cutting-edge Nanotechnologies, an Antioxidant Primer, and a protective Polyester paint. A light-diffusing prismatic screen in PMMA silicone and flush silicone rubber gaskets ensure superior weather resistance and optimal light distribution.Whether installed on the ground to provide subtle side lighting for drives or spacious garden areas, or mounted on walls to create a captivating wall washer effect facing up or down, the Cuneo delivers consistent performance. It includes robust steel brackets for secure installation in either configuration, making it a powerful and flexible solution for defining and illuminating your outdoor environment with elegance.
