Line Wave 2 Linear Suspension

By Visual Comfort Modern

Description

The Line Wave 2 Linear Suspension features a random pattern of asymmetric lengths converging to form a dramatic light. Each of the twelve tips glow to highlight the structure and create a simple yet impactful statement. This versatile design could highlight similarly contemporary decor or serve as a nice design contrast in a more transitional setting, particularly when choosing the Aged Brass finish. A dramatic dining room would be the perfect location to highlight this sculptural, modern take on a chandelier. Installed in a series within a commercial space, several Line Wave 2 fixtures would create a spectacular, custom lighting look.

Shown in aged brass
