Nate Outdoor Wall Sconce

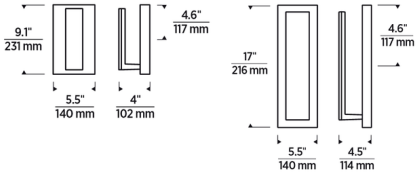

By Visual Comfort Modern

Description

The Nate Outdoor Wall Sconce presents a bold, sleek profile inspired by modern lever door hardware. LED light is cast towards the backplate and wall, delivering indirect ambient lighting and a grazing effect on architectural surfaces. Aluminum construction with stainless steel mounting hardware, a powder coat finish, and impact-resistant UV-stabilized frosted acrylic lensing ensure durability against outdoor elements. With its clean look and contemporary finishes, the Nate is suitable for a range of indoor and outdoor spaces. The 9 inch high fixture is ADA compliant.

Shown in bronze
