

BRAND Visual Comfort Modern

DESCRIPTION

Photon Chandelier is a quintessential starburst silhouette. It is fun and playful while still being tailored and elegant. It can sparkle as the crowning jewel of an ultra-modern decor. Or just as successfully, it can be a dramatic statement piece in contrast to a more classic or eclectic setting. Perfect for living room lighting, dining room lighting or as an entryway light, the solid acrylic arms are squarely faceted to ensure they glow from the integrated LED light source shining from the core. Available in an Aged Brass finish with a Bronze cord. 2 watt LED modules are included. ETL listed. Damp location rated.
