DESCRIPTION

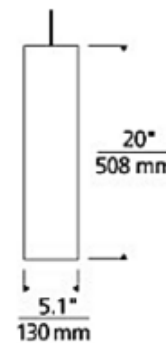

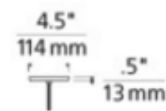

The Vane Grande Pendant Light takes the ubiquitous metal cylinder and forces it to undergo an intriguing upgrade by introducing an incredibly deep, weathered zinc finish. Its wonderfully imperfect signature texture is naturally created during a meticulous molten aluminum sand casting process that results in a noticeably thick shade which projects a truly iconic spacial impact. Available with LED and incandescent lamp option. LED: Includes 10.8 watt, 120 volt PAR20 medium base LED, 3000K color temperature, 90CRI. Incandescent: One 60 watt medium base PAR20 halogen lamp is required, but not included. Includes six feet of field cuttable suspension cable and a 4.5 inch round canopy. ETL listed. 5.1 inch diameter x 20 inch height x 92 inch overall length.

Shown in: Satin Nickel / Weathered Zinc

SHADE COLOR	Weathered Zinc
BODY FINISH	Satin Nickel
WATTAGE	43W
DIMMER	Standard 120V
DIMENSIONS	92"L x 5.1"W x 20"H
