Tolomeo Classic LED Plug-In Wall Light By Artemide

Description

Discover the iconic flexibility of the Tolomeo series reimagined for modern efficiency with the Tolomeo Classic LED Plug-In Wall Light. This highly functional fixture boasts a fully articulated arm, body structure, and diffuser, all crafted from extruded natural anodized Aluminum, providing superior durability and a sleek aesthetic. The signature joints and tension control knobs in polished die-cast aluminum, along with tension cables in stainless steel, allow for precise and effortless positioning of light. Designed for convenient installation, it features a Type S bracket suitable for wall surface mounting with an integrated cord and plug, offering immediate functionality without hardwiring. The diffuser is impressively tiltable and rotates a full 360 degrees on the lampholder, giving you complete control over light direction. A convenient on/off switch and dimmer are included directly on the head for intuitive operation. This advanced LED version offers a choice of 3000K color temperature for a warm, inviting glow, or innovative Artemide My White Light technology, which allows you to dynamically set the Kelvin temperature anywhere between 2500K (warm) and 10,000K (cool), adapting to any mood or task. Customers consistently laud its exceptional adjustability and cutting-edge LED technology. Perfect for reading nooks, bedside lighting, or task illumination in a home office, the Tolomeo Classic LED Plug-In Wall Light offers a blend of contemporary and transitional design with smart, adaptive lighting.
