Tolomeo Mini Desk Lamp with In Set Pivot By Artemide

Description

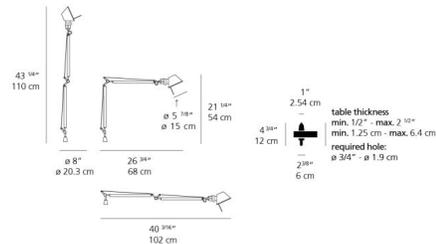

Achieve a sleek, integrated lighting solution with the Tolomeo Mini Desk Lamp with In Set Pivot, a design that combines iconic adjustability with a discreet mounting option. This versatile lamp features a fully articulated arm crafted from extruded aluminum, offering precise directional control. The signature die-cast aluminum joints and tension-control knobs, along with stainless steel tension cables, ensure smooth movement and lasting durability. Available in crisp White, sleek Black, or classic Aluminum, this lamp seamlessly blends into any contemporary interior. Its innovative in-set pivot support requires a precise 0.75-inch diameter hole for flush mounting, accommodating surfaces up to 2.5 inches in maximum depth, creating a clean, unobtrusive look. The diffuser provides focused light and rotates a full 90 degrees for optimal positioning. It requires one 100-watt max 120-volt medium base bulb (not included). UL listed for safety, customers appreciate its minimalist footprint and impressive functionality for built-in applications. Ideal for custom desks, bookshelves, or integrated workspaces where a clean aesthetic and flexible lighting are paramount, the Tolomeo Mini Desk Lamp with In Set Pivot offers a sophisticated and tailored illumination experience.
