Tolomeo Mini Wall Light with J Bracket

By Artemide

Description

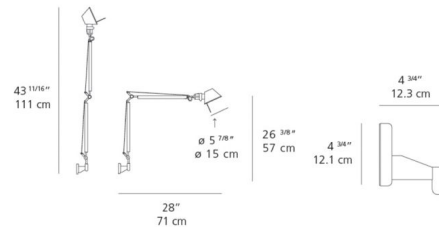

Integrate the iconic flexibility of the Tolomeo series into your walls with the Tolomeo Mini Wall Light with J Bracket. This elegant and highly functional fixture features a fully articulated arm, body structure, and diffuser crafted from extruded natural anodized Aluminum, sleek Black, or crisp White, offering both durability and a refined aesthetic. The signature joints and tension control knobs, made from polished die-cast aluminum, alongside robust stainless steel tension cables, ensure fluid movement and precise light positioning. Designed for a permanent and seamless installation, this wall light utilizes a Type J bracket suitable for direct wire to a junction box, providing a clean, professional look with no visible cords. The diffuser is impressively tiltable and rotatable a full 360 degrees, giving you complete control over light direction. UL listed for safety, customers consistently praise its superior build quality and unmatched adjustability for wall-mounted applications. Perfect for reading nooks, bedside lighting, or as a versatile task light in a living area, the Tolomeo Mini Wall Light offers a blend of contemporary design with enduring functionality.
