Rockland Wall Sconce

By Hudson Valley Lighting

Description

Introduce an amplified dose of modern glamour and exquisite illumination with the Rockland Two-Light Wall Sconce. Building upon the beloved design of its single-light counterpart, this sconce offers enhanced light output and an even grander statement, making it a focal point in any sophisticated space. This captivating fixture showcases two beautifully textured off-white faux silk shades, each diffusing light with a soft, inviting warmth that transforms your interior. Each elegant shade is gracefully supported by a slender, tapered wand crafted from finished metal, culminating in a delicate crystal ball detail that adds a subtle, yet undeniable, sparkle. In its brilliant Polished Nickel finish, the metal elements boast a mirror-like shine with a subtly warm undertone, creating a perfect harmony with the gentle hue of the shades. The Rockland Two-Light Wall Sconce is an ideal choice for larger bathrooms, elegant living rooms, or dramatic hallways where it can cast a more expansive and luxurious glow. It is UL Damp rated, ensuring both its stunning presence and functional integrity in humid environments.
