TC43N Aculux 3.25 In MR16 Non-IC New Construction Housing By Juno Lighting

Description

Aculux 3.25 Inch Non-IC New Construction low profile housing is ideal for space-restricted plenum applications and is designed to fit 2 x 6 construction. The housing is designed for use in non-insulated areas or where insulation is spaced at least 3 inch from housing. Features Acu-Aim geared hot aiming for 370 degree rotation and 45 degree tilt. Deep lamp regression and optimized beam center provide 45 degree lamp/lamp image cut-off for exceptional low aperture. Suitable for wet locations with certain trims. Available with an electronic low voltage (ELV) or magnetic low voltage (MLV) transformer. Lamp type/wattage dependent upon housing/trim combination. Note: A complete fixture requires a housing and trim, sold separately.
