Ridley II Ceiling Fan with Light

By Kichler

Description

The Ridley II Ceiling Fan with Light offers a perfect balance of performance and style. Its gently curved wooden blades work well with many decorative styles and deliver a comforting breeze, while an integrated LED light delivers ambient illumination diffused through an etched cased opal glass shade. A cap for no-light use is included. The fan also includes a limited function wall control which enables motor on/off, 3 forward speeds, and light on/off with full-range dimming. Reverse can be set using the switch on the fan. Optional accessories are sold separately.

Shown in brushed stainless steel / medium oak
