Pierced Dome Path Light 12V

By Kichler

Description

Made of durable aluminum and a fully encapsulated structure, the Pierced Dome Path Light is built to withstand harsh weather conditions. It has a slim silhouette and decorative perforated dome top, adding a refined touch to sidewalks, walkways and gardens. Its integrated LED module provides an even pool of light for illuminating pathways and highlighting landscape features. Includes an 8 inch slotted in-ground stake and locknut, 30 inches of usable #18-2, SPT-1W leads, and cable connectors. Note: A magnetic transformer and wire are required, sold separately.
