Correne Ceiling Fan with Light

By Casablanca Fan

Description

Correne Ceiling Fan with Light is inspired by Scandinavian interior design, specifically the mid-century use of bent plywood and techniques found in contemporary furniture aesthetics. The contortional movement of the ribbon-like blades is the standout feature, while the minimal metal and glass elements add just the right amount of subtlety to offer an intimate sensibility that blends with a wide variety of decors.

Shown in brushed nickel / coffee beech

Specifications
