## Correne Ceiling Fan with Light

By Casablanca Fan

### Description

Correne Ceiling Fan with Light is inspired by Scandinavian interior design, specifically the mid-century use of bent plywood and techniques found in contemporary furniture aesthetics. The contortional movement of the ribbon-like blades is the standout feature, while the minimal metal and glass elements add just the right amount of subtlety to offer an intimate sensibility that blends with a wide variety of decors. Available in a Brushed Nickel motor with Champagne plastic or Coffee beech wood blades and integrated light with cased White glass. Features a 56 inch blade span and 12 degree pitch. Comes with on 17 watt LED module, universal handheld fan/light control with reverse function, and one 2 inch and one 3 inch downrods. 56 inch width x 13.5 inch height.

Shown in brushed nickel / coffee
