## Dempsey Low Profile Ceiling Fan with Light By Hunter Fan

### Description

A versatile fan with contemporary appeal, the Dempsey Ceiling Fan with Light blends seamlessly with a range of interior design styles. Reversible blades offer flexibility for coordinating with the room decor. A low profile design makes the fan suitable for small spaces or areas with low ceilings. Its 3-speed WhisperWind motor quietly delivers refreshing airflow, while the light kit with LED bulbs provides energy-efficient ambient illumination. A handheld remote control with wall cradle is included, and enables fan on/off, speed adjustment, and light on/off. Fan direction can be reversed using a switch in the fan.
