DESCRIPTION

The Titanium 5 or 6 Inch LED Retrofit Warm Dim Downlight with E26 medium base socket has been designed and engineered for demanding commercial applications. With only 11 watts, this downlight retrofit kit offers the same light output as a 65 watt incandescent source and lasts 35 times longer. This lamp features Amber White-Soft White 2200K-2700K color temperature, 82CRI, 770 lumens. 40,000 hour average lamp life. Designed to replicate the warm dimming effect of traditional incandescent light sources. This downlight is also suitable for use in most standard 5 inch and 6 inch housings that have spring retaining brackets. Energy Star certified. UL listed. 7.48 inch diameter x 3 inch height. See attached manufacturer dimmer reference for dimmer compatibility.
