La Petite Floor Lamp

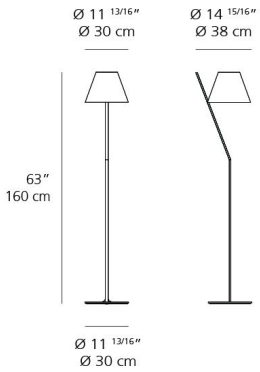

By Artemide

Description

The La Petite Floor Lamp captivates with its exquisite geometry, showcasing an archetypal lampshade balanced with refined precision on a tilted stem. This striking design creates a dynamic and sophisticated silhouette that adds a touch of modern artistry to any room.The lightweight plastic shade contains two cleverly integrated diffusers that work in harmony to produce pleasantly soft direct and indirect light. This dual emission ensures a broad, comfortable illumination that enhances your space without harsh glare. The lampshade connects with the elegant aluminum stem with minimal support, creating a visually compelling counterbalance where the tilted stem is perfectly offset by the shade's volume.Available in classic Black or White, the La Petite Floor Lamp offers versatile appeal to complement a range of interior aesthetics. A convenient on/off switch is located on the cord for effortless operation. This lamp is an ideal choice for adding a stylish reading light or ambient glow to living rooms, bedrooms, or studies.

Shown in polished black
