Discovery Wall / Ceiling Light

By Artemide

Description

The Discovery Wall / Ceiling Light is an extraordinary fixture that defies conventional perception, turning light itself into a magical, immersive experience. Based on minimal geometry, this captivating piece features a sleek ring available in Aluminum, Black, or Bronze. This ring discreetly houses an LED strip that ingeniously injects light into a specially worked surface of transparent PMMA. The true marvel of the Discovery lies in its diffuser. Composed of a perfectly transparent PMMA surface, it's processed with micro-particles so minuscule that the surface is hardly perceptible when the fixture is turned off. Yet, when illuminated, the transparent interior appears to miraculously fill with light, as if by magic. This unique result is obtained through Discovery's innovative direct and indirect emissions, which produce an embracing and remarkably uniform light throughout the entire surface. The geometry and layout of these micro-particles are precisely calculated to ensure a constant and even emission of light, eliminating hot spots and creating a seamless glow. Conveniently dimmable via 2-wire dimming, the Discovery Wall / Ceiling Light allows you to control the intensity of this mesmerizing light, making it an ideal, artistic choice for both wall and ceiling applications in modern living areas, hallways, or commercial spaces seeking a truly unique ambiance.

Specifications

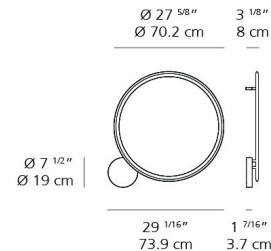

COLOR Transparent
 BODY FINISH Polished Aluminum
 WATTAGE 50W
 DIMMER Low Voltage Electronic
 DIMENSIONS 29.1"W x 27.63"H x 3.1"D
 INTEGRATED LED MODULE 1 x LED/50W/120V LED
 COUNTRY OF ORIGIN Italy

Technical Information

PRODUCT DIMENSIONS Canopy/Backplate: 7.5" diameter
 COLOR RENDERING 90 CRI
 LAMP COLOR 3000K
 LUMENS/WATT 49.48
 LUMINOUS FLUX 2474 lumens

Shown in polished aluminum / transparent
