Multispot Tooby Mini Pendant with Round Canopy By Fabbian

Description

The Multispot Tooby Mini Pendant features a tubular shade with a minimalist light engine hidden within the glass structure. A 3-dimensional lighting effect is created by using an internal ribbed acrylic reflector the length of the tube coupled with a mirrored reflector at the base. The fixture appears to glow from within and showcases the extruded borosilicate (pyrex) glass. Anodized aluminum structure finish and a White painted metal round surface mount canopy. Includes non-dimmable LED driver which fits inside junction box.
