WAC Lighting

DESCRIPTION

The Empress Recessed Beauty Spot shows off a gleaming optic crystal diffuser cut and polished by hand. A bright white LED hidden with the crystal is the ideal 360 degree light source and throws dramatic refracted beams all around, creating beautiful patterns of light and shadows. This fixture can be mounted on finished or suspended ceilings, or on walls. Trying using it individually as an accent piece or use multiple to create a custom crystal display across a wall or ceiling. Note: A 24V Class 2 remote electronic transformer is required, sold separately.
