DESCRIPTION

The Ardito 3.5 Inch Series Lumenetix Warm Dim/Color Tune Non-IC Remodel Housing is constructed of galvanized steel and is below ceiling accessible. Insulation material must be kept at least 3 inches away from housing. Housing includes a 12.5 watt LED driver delivering up to 700 lumens. Compatible with Warm Dim trims delivering dimmable white light that warms as it dims, or Color Tune Tunable White trims allowing color temperature change from 1650K to 4000K. See trim specification for dimming options. 3.75 inch cutout dimension. A complete fixture includes a housing and trim, sold separately. A mud in plate is required for flangeless trim options. Mounting plate option available in round or square (PA3RNW or PA3SNW), sold separately. See trim module for required clearance beyond the ceiling.
