DESCRIPTION

The Ardito 3.5 Inch Series Lumenetix Warm Dim/ Color Tune IC New Construction Housing is constructed of galvanized steel and is below ceiling accessible. Designed for use with round flanged and flangeless trims. Insulation material may be in direct contact with housing. Housing includes a 12.5 watt LED driver delivering up to 700 lumens. Compatible with Warm Dim trims delivering dimmable white light that warms as it dims, or Color Tune Tunable White trims allowing color temperature change from 1650K to 4000K. 3.75 inch cutout diameter. Ceiling thickness per trim module. A complete fixture includes a housing and trim, sold separately. Mud in plate required for flangeless trims. Allow for 7 inch clearance beyond ceiling with trim module.
