Tripod Floor Lamp

By Fontana Arte

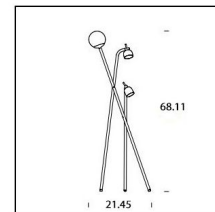

CE

Description

The Tripod Floor Lamp takes inspiration from the ancient Greek tripod, a symbol of hospitality, featuring three supports each fitted with an LED light source that has a different form and function- the tallest leg bearing a White Frosted glass sphere to produce a diffused ambient light, and the other two with adjustable spotlights for a direct and concentrated light finished with Brass-coated shades. Overall, the lamp embodies a sense of lightness with its slender and striking form while simultaneously retaining a sense of stability. One 100 watt max 120 volt medium base bulb and two 7 watt 120 volt GU10 base LED bulbs are required, but not included. 21.45 inch width x 68.11 inch height. CE listed.

Shown in black

Specifications
