Drusa Pendant

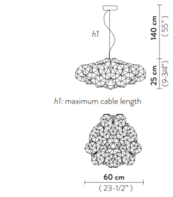

By Slamp

Description

Drusa Pendant draws inspiration from crystals poking out from crevices in the rocks; they exhibit an ever-changing, poetic and multiform kaleidoscope when hit by the light. The contemporary, chromatic angles accentuated by Lentiflex finished with a Silky print, are muted by the central light source, that not only gives depth to the design, but creates harmony between light and shape. Includes Slamp Magnetic hanging system.

Shown in white / velvet
