Flow S6 Pendant

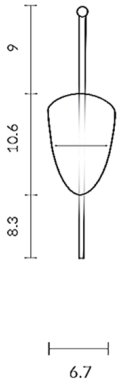

By Wonderglass

Description

The Flow S6 Pendant, designed by Nao Tamura, is inspired by the reflections of the Venetian cityscape glistening on the evening water that hints at an imaginary city below the moving surface. There is a border between the world under and the land above. In the city of Venice, where the real world and fantasy coexists, this pendant is the embodiment of the beauty of dual worlds. Available in hand blown gradient Turquoise or White glass with a flush mount disc or standard canopy in Black with a black stem. Includes a 4 watt 24VDC driver which fits inside canopy/junction box.
