Flow S7 Pendant

By Wonderglass

Description

The Flow S7 Pendant, designed by Nao Tamura, is inspired by the reflections of the Venetian cityscape glistening on the evening water that hints at an imaginary city below the moving surface. There is a border between the world under and the land above. In the city of Venice, where the real world and fantasy coexists, this pendant is the embodiment of the beauty of dual worlds. Note: Please select flush disc canopy or standard canopy. Includes 5W 24VDC driver which fits inside canopy/junction box
