## Groove Square Ceiling Light

By tossB

### Description

The Groove is inspired by the concept that less is more. Groove is the ultimate tribute to the no-nonsense approach. No screws, clamps or bolts, except where absolutely unavoidable. The glass is slid into the mounting in an original but easy to operate manner. Groove is highly practical, and features two light slits in the side panels as a fun extra feature. Note: 3.9 inch option does not mount to a standard US junction box and does not include a cover plate.
