Tuba Ceiling Flush Light

By tossB

Description

Tuba Ceiling Flush Light, designed by Alain Monnens, is a minimalistic family of surface mounted downlights. The robust tubular Black or White body hides an elegant white painted trumpet shaped reflector which creates a soft and efficient light diffusion. Installing several tuba's in a linear way creates an architectural atmosphere whereas installing groups of different sizes together creates a playful accent. Available in small, medium, and large sizes. One 13 watt, 120 volt LED module is included. CE listed.

Small: 4.72 inch width x 8.66 inch height.
Medium: 6.29 inch width x 7.08 inch height.
Large: 7.87 inch width x 5.51 inch height.
