Boomer Linear Pendant

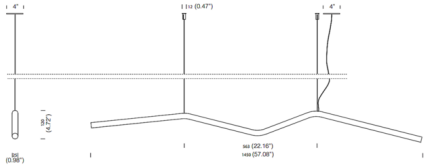

By tossB

Description

Boomer Pendant, designed by Jos Muller, features a minimalistic shape that looks like a frozen movement. Its waved shape creates an elegant contrast with the architectural lines of interiors and objects. It can be hung horizontally in balance or at an angle out of balance. A group of lamps enhances their characteristic curves. Available with a painted White or Black finish in 2400K, 2700K or 3000K temperatures. One 28 watt, 120 volt 2400K/2700K/3000K dimmable LED module is included. Downward flood light distribution. Includes LED driver which fits inside junction box.

Shown in white
