## Hoola Pendant

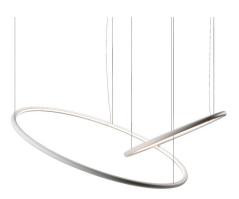

By tossB

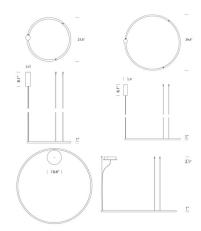

## Description

The Hoola Pendant, designed by Jos Muller, is a minimal piece that creates an archetypical light circle. The soft light is directed upward and downward. Hoola is a real eye-catcher when different diameters are combined. It can be arranged in horizontal, angled or even vertical positions. The lamps can be place close to a ceiling, in free open spaces or vertically along the wall. Available in three sizes with choice of 2400K, 2700K, or 3000K color temperature.

Shown in white
