## Stratus Outdoor LED Linear Wall Grazer By PureEdge Lighting

## Description

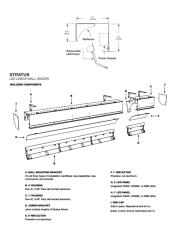

The Stratus Linear Outdoor Wall Grazer is a Non-IC rated fixture designed for use in recessed cove or surface mount applications for new residential, new commercial, and remodel. Lights textured walls up to 30 feet high. Available in 1 foot and 4 foot lengths in 3000K or 4200K color temperature with field replaceable LED. Link multiple Stratus fixtures to create long runs. Included components: Wall mounting bracket, housing, joiner bracket, reflector, LED panel, one internal 0-10V power supply, and louver. Note: End caps sold separately. Feed fixture with 120-277VAC. Dimmable with a 0-10V dimmer, sold separately. Suitable for outdoor damp or covered locations. Product is built to order.
