## Light Three Linear Pendant with End Feed By John Beck Steel

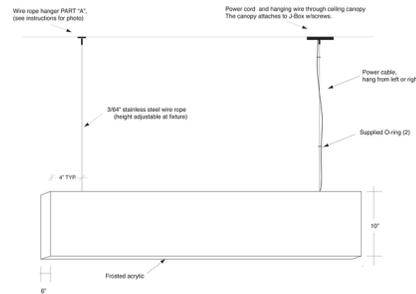

### Description

Light Three Pendant with End Feed blends sleek minimalism with industrial styling. The body is crafted of durable steel, with an integrated LED module that runs the length of the fixture. A frosted acrylic diffuser softens the light and reduces glare. Perfect for commercial and residential projects. NOTE: This fixture has an end feed power cable, with a combined power cord and support cord on one end. Included canopy is a white finish.

Shown in white / brown patina
