Applique a Volet Pivotant Double Wall Light

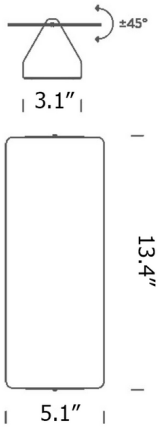

By Nemo

Description

The Applique a Volet Pivotant Double Wall Light features an adjustable aluminum shade that can be tilted to adjust the beam and intensity of the light. The fixture's design is indicative of Charlotte Perriand's concept of useful forms, which often incorporated minimalist designs with simple shapes. Integrated LED and E12 Candelabra bulb versions may be mounted vertically or horizontally; Halogen version must be mounted horizontally.Note: Only the E12 Candelabra bulb version is UL-listed and Smart Home Compatible. The E12 Candelabra bulb version is supplied with an external plug-in cable and onboard On/Off switch, but may also be installed as a hardwired fixture (Integrated LED and Halogen bulb versions must be hardwired). A square cover plate for US junction box is supplied with all versions.

Shown in white / aluminum
