DESCRIPTION

The Ball Rod Pendant, designed around the classic incandescent bulb, is an exercise to abstract the bulb into a perfectly spherical ball, celebrating its perfect shape by repeating it in metal. The brass finish is unlacquered and will naturally oxidize and darken over time. Includes a paintable junction box cover which will cover standard 4 inch junction boxes. The j-box cover extends beyond the fixture and will be visible. Upon ordering, please supply required drop length of fixture, measured from the ceiling to bottom fitting. Available from 8 to 82 inches. Please contact Customer Service to order.
