Barnacle Small Cone FreeJack Pendant By Siemon & Salazar

Description

The Small Thick Barnacle FJ Pendant focuses on the way glass forms and light play with each other. Hand rendered texture creates unique projected patterns on the urchin and barnacle lights. These low voltage fixtures can be hung singularly from a monopoint canopy or as a grouping for a statement piece. Hand blown and shaped in lead free crystal. No molds are used, and each glass shape is unique. Canopy required and sold separately. Includes male FreeJack connector.
