Pipe Floor Lamp

By Artemide

Description

The Pipe Floor Lamp brings an imaginative touch to your interior, with its undulating form inspiring a whimsical and artistic atmosphere. Grounded by a sturdy steel base, the lamp's structure is elegantly coated with a silicone, soft-touch sheath, providing a tactile experience as refined as its visual appeal.This captivating lamp features a flexible arm that culminates in a perforated, transparent polycarbonate diffuser with a unique rubber-effect coat. An internal reflector works in conjunction with the diffuser to create pleasantly sheer ambient lighting, casting a soft, inviting glow that minimizes harshness.For convenient control over your illumination, a dimmer is thoughtfully included directly on the lamp's body, allowing you to effortlessly adjust the light intensity to set the perfect mood. The Pipe Floor Lamp is an ideal choice for a cozy reading nook, adding an artistic statement to a living room, or providing ambient light with a playful twist in any modern space.
