New Nature Floor Lamp

By Artemide

Description

New Nature Floor Lamp features diffused and indirect LED lighting. Body made of thermoplastic material with Chrome plated steel base. The main LED indirect emission is on the upper part of the luminaire while the LED diffused emission is located on the base, highlighting the interior of the column and its unique shape. Features dual control on cord allowing for independent operation of the two light sources. Diffused lighting control is on/off and indirect source is dimmable.

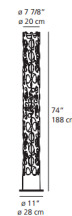

Shown in chrome / white
