Cesta Glass Table Lamp

By Santa & Cole

Description

Strolling through Barcelona in the 1960's, designer Miguel Mila found an abandoned opal glass globe in front of a glass factory. He designed a cesta (Spanish for basket) for the delicate globe and the Cesta Table Lamp was born. Over the years, Cesta has become one of the most iconic lamps designed by Mila. This lamp can be picked up and carried easily, ideal for both tabletops and floors. The opal glass shade is supported by a beautiful cherry wooden structure. Crafted by hand by European craftsmen, using traditional steam bending techniques for the wood, which is delicately polished and sturdily put together.
