

**BRAND**

Hunter Industrial Fan

**DESCRIPTION**

Eco 220V 3Phase Ceiling Fan is a large industrial fan pushes air into every nook and cranny of your facility with blades designed by aerospace engineers. Offer full range of control including our standard 1:1 analog control and our networkable touchscreen controls with the flexibility to manage up to 30 fans. Plug-and-play technology and lightweight components make the ECO quick and easy to install. Features a 220V 3Phase Black anodized aluminum motor and 8, 10, 12, 14, 16, 18, 20, and 24 foot blade diameters. These fans have 50 percent more efficient horsepower, 22 percent easier installation, 32 percent less weight, and 50 percent fewer parts than the average competition. Includes Fan I-beam mount with pre-wired adjustable 2.5-4 foot downrod, control panel, wall control, mounting hardware kit, communication kit, and guy wire kit. Additional downrod lengths are available and sold separately.
