4DD Series 12V LED Driver and Dimmer By Kichler

Description

The 4DD Series 40 or 60 Watt 12V Constant Voltage LED Driver and Dimmer simplifies installation and system compatibility by integrating the driver with the dimmer switch. This two-in-one product can convert 120V AC to 12V DC, as well as dim from 100% to 1%. Features pre-set dimmer with on/off push switch. Simply connect to both your 120V input and 12V output, and install with a standard single gang box to the wall to power Kichler 12V LED Tape and Accent Discs.
