

BRAND

Luceplan USA

DESCRIPTION

Mesh 100 Suspension is a lamp of great theatrical impact whose almost transparent structure, composed of a network of flexible cables with LED sources positioned at their intersections, conceals the complexity of the design. Mesh is controlled by a dedicated electronic board which is located in the canopy. In order to control Mesh you need 4 wires: two to operate the standard ON/OFF switch and two to operate a normally open switch (push switch). The Push Switch will control the dimming and the different light scenes. 65 total watt 120 volt LED light source. 39.4 inch width x 35.4 inch height x 74.8 inch maximum length. Canopy: 11.8 inch diameter. UL listed. Note: No longer sold as a complete fixture - see body and canopy sold separately.

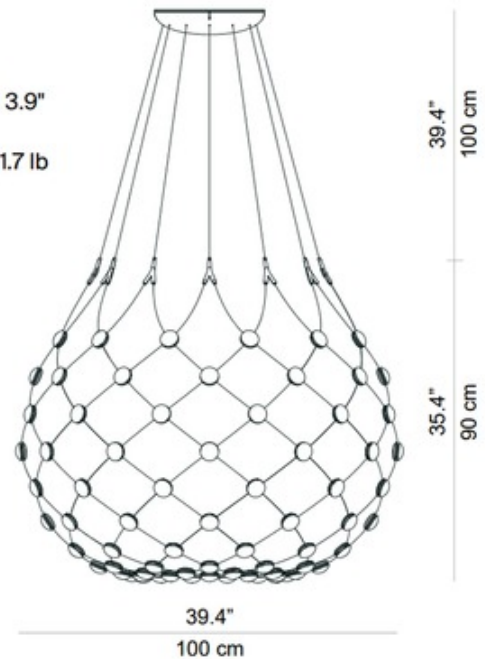

SHADE COLOR	N/A
BODY FINISH	Black
WATTAGE	65W
DIMMER	Included
DIMENSIONS	74.8"L x 39.4"W x 35.4"H
INTEGRATED LED MODULE	
LAMP	1 x LED/65W/120V LED

Technical Information

LUMINOUS FLUX	3400 lumens
LUMENS/WATT	52.31
LAMP COLOR	2700K

SPEC # LPA597670

D86c
Canopy
 Ø 11.8"/h 3.9"
Weight 11.7 lb
