LYFE Planter - Overstock

By FLYTE

Description

The LYFE Planter is a zero-gravity growing system allowing you to cultivate your favorite plants in mid-air. LYFE consists of a planter that hovers over an Oak base via magnetic levitation. Designed to gently rotate during suspension. The rotation especially benefits air plants, as nutrients are absorbed by their leaves through the air, rather than the conventional root system. The LYFE Reservoir is designed to mitigate against over-watering, a cleverly designed drainage system allows water to escape to a hidden, inner reservoir. The LYFE Magnet is where the magic happens. The custom-shaped magnet pushes up against an electromagnetic base, causing the planter to levitate in mid-air, lifting your LYFE to new dimensions. Ideally suited for air plants, but anything up to 8.8 ounces total can be planted. 6 inch square base x 1.5 inch height.

Shown in white / oak

Specifications

COLOR	Oak
BODY FINISH	White
WATTAGE	N/A
DIMMER	N/A
DIMENSIONS	6"W x 1.5"H x 6"D
BULB	N/A
COUNTRY OF ORIGIN	Sweden
