Nur Gloss Ceiling Light By Artemide

Description

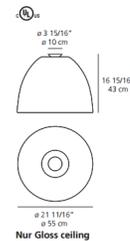

The Nur Gloss Ceiling Light stands as a sophisticated statement piece, delivering expansive indirect illumination with a distinct contemporary flair. This elegant fixture features a substantial aluminum shade, providing a bold and refined presence. Available in a range of lustrous finishes: Gloss White, Gloss Black, Gloss Orange, Gloss Green, or Gloss Grey. The Nur Gloss allows you to perfectly match or contrast with your interior design scheme. A polycarbonate bottom diffuser ensures a soft, even light distribution. Its primary function is to provide subtle indirect lighting, creating a captivating halo effect on the ceiling that adds depth and reduces harsh shadows throughout the room. The Nur Gloss offers versatile lamping options: you can opt for an INC version, requiring one 150-watt max 120-volt medium base bulb (not included), or choose the integrated 46-watt 120-volt LED light source for enhanced energy efficiency and longevity. This ceiling light is a powerful yet gracefully designed solution for creating a luxurious ambient glow in larger spaces.
