Calliope N3 Pendant

By Wonderglass

Description

Callipoe N3 Pendant is inspired by Japanese calligraphy and created from hand blown Murano glass. The floating, illuminating pendants have an adaptable design that can expand to create full ceiling and room installations as either clusters or as a single element. From overhead, it captures attention as it inspires the imagination. Marrying an element of ancient Asian culture with free moving parts has resulted in a product that embodies both classic and contemporary design.
