Voronoi II Pendant

By Tala

Description

The Voronoi II Pendant features a unique look with a socket in wood or metal paired with the Voronoi II LED Bulb by Tala. The bulb's irregular, organic shape is inspired by the naturally occurring Voronoi pattern seen in giraffes' coats or certain cell structures. A spiraling LED filament, inspired by the Fibonacci sequence, and iron-tinted glass create a warm, amber glow that will enhance any interior.

Shown in oak / clear tinted
